## Wedding, Anniversary and Special Occasion Cakes

Most of our cake flavors can be used in a traditional three tiered cake. Our tiered cake designs are simple and delicious with a light butter cream or cream cheese frosting, choice of filling and our décor of choice - the couple's own colors, flowers, ribbons and centerpiece materials! Choose from multiple layered cakes in a variety of flavors. Top tiers are included in the serving count. Other shapes and combination cakes available upon request. Cakes can be tiered, arranged on pillars or in a cascade.

Back up cakes for larger events are available at \$70 per half sheet each serving 50-60 guests.

We suggest you limit flavors to just two. It becomes very hectic during the reception trying to serve the variety of flavors and some guests often want to try the different flavors, in which case, you may end short. There is also an additional charge of just \$15 per flavor after the second flavor.

Though they are by no means necessary, complimentary tastings are available and include 2 flavors to sample (baker's choice) usually what we're working with that week at the restaurant. Also offered, for \$25, you are free to request up to four specialty flavors of cake. Minimum of one weeks notice.
